

Wednesday, March 14 - near Holtville, CA **Demonstration for Solar on Rooftops. . .Not in the Desert!**

PROTECT THIS!

AND THIS!

Why are billions of our tax dollars going to fund large-scale energy development on our public lands instead of to home and business owners for developing rooftop solar?

Action: **You are needed!** Please join your Imperial Valley neighbors and other citizens who love the desert. **We are going to demonstrate in support of rooftop solar and local distributed energy generation.** Come hold a poster supporting rooftop solar development and the local jobs it generates.

When: **Wednesday March 14th 7:30AM- 11AM**

Where: Outside the grounds of the Barbara Worth Resort on Country Club Road
Holtville, California- 3 miles east of El Centro in Imperial Valley.

Why: **The Imperial County Economic Development Corporation** is conducting a ***Renewable Energy Summit and Expo - March 13-15 at the Barbara Worth Resort in Holtville.*** **There is not a single speaker invited to speak on the potential of rooftop solar development and distributed generation as a means of creating jobs and meeting Imperial Valley's Renewable Energy needs!**

The Desert Cannot Speak for itself!

Directions from Interstate 8 in Imperial County to Barbara Worth Resort:

Take exit 118B to merge onto CA111 North. Go two miles and make a right at the second traffic light onto **Evan Hewes Highway**. Go four miles east on Evan Hewes Hwy. and turn right onto Country Club Road at the big sign for Barbara Worth Resort. We will be at the end of this short dead end road. **Meet between 7 and 7:30AM.**
